The contract covers an initial provision of one fixed and two fly-away operating bases. The contract amount is estimated at £20.9m (€25m). The purpose of the contract is to provide a range of permanent operating bases and support facilities to support the United Kingdom's overseas deployment of the Marine Air Task Group (MAGTF), comprising a group of amphibious assault ships (including the Queen Elizabeth-class aircraft carrier) and their associated air group. The Osprey Group will be responsible for the provision of all of the marine operating bases and support facilities required by MAGTF. The contract also includes the creation of the Initial Operational Experience Squadron (IOES) to be deployed with MAGTF and an initial design and delivery of one operating base. The IOES is a key capability that provides an intense period of training for staff and the establishment of procedures and processes that support the acquisition of future capabilities for MAGTF. The Osprey Group is a leading provider of a range of land-based services, from supply, installation and servicing, to specialist maintenance, repair and training. In addition to the provision of an operating base, the contract includes the provision of maintenance, logistics and operational management. The contract also includes development and delivery of associated support services to facilitate the provision of the bases. The Osprey Group's facilities in the North West of England, at Barrow in Furness, 82157476af
